### Part B

# **CRITERION I – CURRICULAR ASPECTS**

# 1.1 - Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The curriculum design and development are done by the affiliating Bangalore University. Nevertheless, the college adopts proactive measures to effectively transfer the curriculum to suit the socio economic and pedagogical stature of the students, who are first time learners too. Most of our teachers adopt bilingual method for teaching learning. The copy of the curriculum is kept in the library for the benefit of the students either in the form of photocopies or sometimes asked to write down for personal benefits at the beginning of each semester. The IQAC Coordinator along with the governing council plans the entire calendar of events, prepares action plan for effective implementation of Calendar of events and course description like internal tests, special lectures, projects, events exhibitions, seminar classes and other academic activities to get the best curriculum outcome. The faculty members are briefed on the academic plan through the syllabus and each faculty is provided with faculty dairy and monthly performance report to the HOD of the concern department for effective implantation curriculum is done and other curricular activities accordingly for each of the semesters. This allows the departments to plan and implement the curriculum in a spaced and more effective manner. The teachers use ICT tools to enhance the teaching process. Every classroom is fitted with green boards. Every department is entrusted with laptops for its faculty. The teachers use many methods besides ICT to enhance the effectiveness of curriculum delivery, such as group discussions, debates, question answer sessions, exhibitions, magazines, etc. to effectively communicate and teach the curriculum designed by the university. The curriculum is just a platform used by teachers to make learning more simple, understandable and effective. The students have access to textbooks and reference books in the library and are provided with internet browsing facilities to ensure that the curriculum is well understood and learned. The students are encouraged to present seminar classes, participate in the debates, choose projects, and participate in the study tours and industrial visits to make curriculum more interesting,

effective and participative. The participation of teachers in the academic bodies and universities such as board of examinations, and curriculum designs makes the process of curriculum delivery more meaningful, participative and effective. The slow learners are helped with bridge course and remedial coaching classes to help them not only cope with the demands of the curriculum but also make desired progress. The project works, assignments, result analysis, departmental meetings and the feedback from the students help in improving the implementation of curriculum. In all the institution makes genuine efforts to effectively communicate and deliver curriculum, be it in terms of use of bi-lingual language, ICT facilities, tests, assignments, projects, field visits, practical classes, Fests, seminar classes, thus ensuring the maximum benefit to the students from the designate curriculum by the affiliating university.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

#### Feedback Obtained

The feedback is collected from Employer, Students, Teachers and Alumni and it is analysed by Principal and HOD's. Most of the time the feedback is given by the students that the curriculum should meet the requirement of the industries and companies and to fill the gap between them and educational institution. The PG students felt that the curriculum should be revised on Research and Development for higher education like PhD. and other research work. Alumni felt that curriculum should be designed and revised as per the requirement of industries/ commercial organization in a subject related to Information Technology the revision should be made once in 2 years. By keeping this feedback given by the stake holders the college has conducted/started several certificate course/diploma courses like Tally and PGDHRM. Soft Skill development courses by Bosch. Management have focused on development of Faculty members in the field of Research and Development for this, We have Upgraded the Research Lab and subscribed for Journals and E- Journals for both students and faculty members who can make use of research lab for preparing and publishing Research papers in addition to this we have promoted the faculty members and students to publish Research papers in national journal or international journal by providing the monetary and Non-Monetary benefit like paying Registrations fee and Providing OOD facilities for faculty members.

2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

RPA First Grade College has introduced this scheme to have one-to-one interaction with students. For a batch of about Twenty-five students, a teacher is assigned the role of Teacher-Guardian. Teacher-Guardian works as a friend, philosopher and guide for these students. They keep the track of every student's day-to-day activities and records daily attendance, test results, internal assessment and other related information of students in the specially designed teacher-guardian book. They encourage the students to participate in co -curricular extracurricular activities. They give academic feedback to the parents/guardians regularly. He also counsels the students to solve difficulties encountered not only in college campus but in their personal lives too. Teacher guardian acts as a mentor to students and offers them emotional and academic support along with motivation. The teachers of the institution take up the responsibility of safeguarding and nurturing the newly admitted students. The teachers act as a buffer for the First year students and help them to get acclimatized to our college environment. This scheme, which is perhaps the only one of its kind, guarantees additional assurance to the newcomers and takes some burden off the parents and lessens their anxiety. The students are free to contact the counselor with a wide range of worries, including personal, home and family relationships, depression, anxiety and loneliness. The objectives of the scheme are: • To acclimatize the new students to the college campus • To provide academic counseling • To enlighten the students on professional ethics and conduct • Providing emotional support to students on individual basis • Helping students to overcome home sickness • Establishing rapport between teachers, students parents • Monitoring attendance and behavioral aspects of every student • Identifying weak areas and working out remedies helping students thereby taking their complete care

The institution follows the UGC and state rules on the information and establishment of a student council and hence the college does not have a formal student council elected by the student through election direct or indirect. Students in each class identify two representatives, girls and boys. They are selected based on merits. These representatives work as bridge between students and Principal/HOD/Faculties. Once in every semester principal addresses class representatives. These representatives take the initiative to represent the grievances of the class and also take leadership in organizing functions, class trip and study tours, academic co-ordination with the faculty, industrial trip, college fests to improve their academic knowledge. These representatives also represent the college in various committees and associations, being in cultural team, women cell are in coordinating other important college programs and schemes. They play important role in organizing national festivals and events in college. These class representatives are part of college magazine, student's grievance cell, discipline committee cultural committee sports committee and IQAC committee and for assisting in the administrative functions. The sports and cultural cells very much depend and function on the support and guidance of the students as they have better interaction and understanding with the student community.

Most of our students and staff are staying nearby to commute using bicycles. Even majority of the faculty use public transport or use car- pooling to commute to college. There is no shop or cafeteria within the college building thus avoiding use of plastic or other waste materials. The campus is absolutely free of plastic and dumping of such wastes. Go green initiatives are taken by NSS, Eco club, Nisarga. They make sure that the campus is kept clean and plastic free. Circulars are circulated electronically. Use of emails and messages are effectively used to reduce usage of paper.

# 7.2 - Best Practices

#### 7.2.1 - Describe at least two institutional best practices

Title of the practice: BEST TEACHER AWARD Objectives of the practice: The main objective of the best teacher is to increase the self confidence of the Teachers and to encourage them for their tireless effort and dedication towards the improvement of the Institution and students as well. It is under the

principle of Newton's third law that is every action as an equal and opposite reaction. so by recognizing them they will be more dedicated towards institution. The context: The mediocre teacher tells, the good teacher explains, The superior teacher demonstrates, The great teacher inspires. By William Arthur ward. As he said only a great teacher can inspire each and every student if he/she inspires everyone, then only they can be a great teacher. We try to make every teacher a good teacher by recognizing them and encouraging them for their efforts. The practice: The Motto of our institution is to provide quality education to the less fortunate and the Intimates of our locality so we encourage our teachers to do service to the society by the greatest way of teaching so that they may feel proud of themselves. Evidence of success: The photograph proves the best evidence for this practice. On the basis of Academic Performance, Commitment in the college work, Leadership Quality, Feedback from students and HOD and other parameter are considered for the best teacher award. Problems encountered and resources required: no such problems have been encountered Notes (optional): there is no discrimination while felicitating the teachers based on seniority and experience Title of the practice: BOSCH TRANING PROGRAM Objectives of the practice: The main objective of the BOSCH training is to increase the self-confidence of the students, who are weak and slow learners, to encourage them for their further progress in their life. Vocational - A special program to encourage youths employable through short-term job-oriented training courses. The context: BOSCH is an MNC, over the past 60 years Bosch in India has created a space for itself in the society Our College is very happy to be associated with BOSCH and signed MOU for catering this programme to our students. We try to make every student as a capable individual to take up challenges in their profession by giving them required basic training. The practice: The Motto of BOSCH training is to provide required basic computer knowledge and Personality development program which helps the students to enact in a professional way in the Organization as well as in their career development.. Evidence of success Problems encountered and resources required: As a measure we are providing training for students to overcome the obstacles for their path of success. Notes: BOSCH skill in India, It is a bridge which responds to India's development and growth through employability enhancement and it has successfully completed the "BRIDGE-Vocational Training program" in the year 2018 around twelve students and in 2019, ten students have been benefited.
