Parisara Nirantara Cell

Annual Report (2025–26)

The Parisara Nirantara Cell continued its commitment to promoting environmental awareness and sustainable practices among students through a series of meaningful programmes during the academic year 2025–26. The Cell organized activities that encouraged students to understand the importance of environmental conservation, wildlife protection, and responsible living.

As part of the **World Ozone Day celebration** on 16th September 2025, competitions including Skit, Best out of Waste, and Collage Making were conducted to create awareness about ozone layer protection and environmental sustainability. A total of 70 students actively participated, who showcased their creativity and innovative ideas.

On 5th March 2026, the Cell observed **World Wildlife Day** by organizing Poster Presentation, Short Video Presentation, and Pencil Sketching competitions. The programme aimed to sensitize students to the importance of conserving biodiversity and protecting wildlife. A total of 35 students actively participated, presenting thought-provoking ideas through art and multimedia.

The activities organized by the Parisara Nirantara Cell provided students with a platform to express their environmental concerns creatively while fostering a sense of ecological responsibility. The Cell remains committed to inspiring students to become environmentally conscious citizens and active contributors towards a sustainable future.
