

RPA FIRST GRADE COLLEGE

70th Cross, Rajajinagar, Bengaluru - 10

Youth Red Cross Cell

Activities Report for the Academic Year 2025–2026

The **Youth Red Cross Cell** of **RPA First Grade College, Rajajinagar, Bengaluru**, organized several health awareness and community service programmes during the academic year 2025–2026. These initiatives aimed to promote voluntary service, preventive healthcare, and social responsibility among students.

The Youth Red Cross Cell, in association with **Rotary Bangalore Udyog** and the **Inner Wheel Club of Bangalore Udyog**, organized a **Blood Donation Camp** on the college campus on 12 August 2025. Students, faculty, and staff enthusiastically participated in the camp, contributing to the noble cause of saving lives through voluntary blood donation. The programme also created awareness about the importance of regular blood donation and community service.

On the occasion of **World Heart Day**, the Youth Red Cross Cell, in collaboration with **CIPLA Ltd.**, organized a **Free Health Check-up Camp** for students and staff on 29 September 2025. The camp included general health screenings, blood pressure monitoring, and health consultations. The initiative emphasized the importance of heart health, preventive care, and adopting a healthy lifestyle.

Seminar on Awareness and Prevention of Cancer

Date:

To mark **World Cancer Day**, the Youth Red Cross Cell organized a seminar on "**Awareness and Prevention of Cancer**" on 4 February 2026. The resource person, **Dr. Shobha**, Senior Medical Officer, **UPHC, BBMP, Bengaluru**, delivered an informative session on cancer prevention, early detection, risk factors, and the significance of regular health screenings. The seminar enhanced students' awareness of healthy living and preventive healthcare.

The Youth Red Cross Cell organized another **Blood Donation Camp** in association with the **Swamy Vivekananda Voluntary Blood Bank** on 8 April 2026. The programme witnessed active participation from students and faculty members, reflecting their commitment to humanitarian service. The camp reinforced the value of voluntary blood donation as a life-saving act and encouraged students to become responsible citizens.

Conclusion

The activities organized by the **Youth Red Cross Cell** during the academic year 2025–2026 successfully promoted health awareness, humanitarian values, and community engagement among students. Through these initiatives, the college continues to encourage social responsibility, voluntary service, and a culture of compassion and care.
